

A new vibrator is a bit like a new partner...

... it's worth getting to know each other first.

First Things First

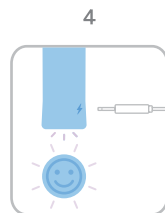

To turn it on, click on the button

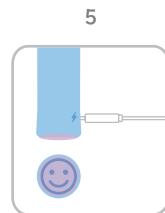

Click again to navigate between the 4 speeds and 2 pulsation modes

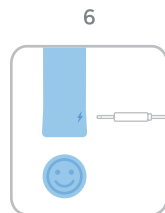

To turn off, press and hold the button. To turn on/off the travel lock, press again for 4s

Light blinking = Low battery

Ooh La La Spots

DISCOVER YOURSELF

Remember that your vibrator is a device, but your body isn't! What brings pleasure varies between vulva owners, and from one day to the next. Keep on exploring yourself, be curious about your sensations and renew the experience every time. Just like you would for good partner sex!

Pleasure Tips

Recreate oral sex by stroking your French Lover vibrator back and forth across the clitoris and labia, just like a real tongue.

Enjoy breast stimulation by tickling your nipples with The French Lover's tongue. Start off light, then slowly build up arousal.

Add lubricant to the tip of the tongue for a more realistic feel, then play with speeds and pulsations for a different experience.

Move away from the vulva and discover other pleasure spots. Your whole body can become erogenous.

Vibrator Hygiene

Your French Lover likes it wet. To keep it clean and happy, wash it with water and soap, then pat it dry. We recommend doing this before and after use.
